

Sweet solution

for bulk sugar bags

If kept away from moisture and stored correctly, sugar can have one of the longest shelf lives in the pantry. Sugar's longevity lends itself well to bulk purchases.

For consumers and business owners alike, Berry Astrapak's Sugar Bag Handles lessen the load of bulk purchases. Despite being lightweight, the handles are made from robust polypropylene (PP) and have a smooth finish.

The handles enable consumers to carry sugar bags weighing up to 10 kilograms without handle breakages and are manufactured in our standard colours. Customisable colours to match your brand are available upon request.
